

**Technical specification**  
**Of**  
**Cork underlayment grade MR 35**

**Physicla properties:**

Densitiy (minimum)	200 – 240 kg/m <sup>3</sup>
Compresion (%)	20-35
Recovery (%)	>=70
Tensile strength	min.3kg/cm <sup>2</sup>
Thermal insulation (m <sup>2</sup> *K/W)	0,044
Impact sound insulation	17db
Improvement in footfall sound (%)	6
Suitable for underfloor heating	yes
